Course Enrollment Guide Fall 2025

ZJUI_UndergradEd

4 分钟读完

A. Curriculum

Students are encouraged to acquaint themself with the program curriculum below and meticulously adhere to it when planning their academic studies.

1. Civil Engineering Curriculum
2. Computer Engineering Curriculum
3. Electrical Engineering Curriculum
4. Mechanical Engineering Curriculum
5. Curriculum for international single degree students

B. Course Offerings

1. Prior to course registration, it is essential to review Course offerings in Fall 2025 and Course Number.
2. Identify the required and elective courses within your program.
3. Clarify the distinctions between UIUC, ZJUI and ZJU courses.
4. Plan your course enrollment thoughtfully, ensuring a balanced workload. It is advised not to exceed 18 hours of ZJUI+UIUC courses.

C. Class Schedule

Before you start to enroll the courses, please review class schedule to ensure there are no conflicts between selected courses. Courses with overlapping schedules cannot be registered. Please be aware that the schedule may be subject

to change, and you should refer to the final version of the date and time of each course in PeopleSoft.

D. Course Registration

1. For freshmen and sophomore, all of the courses required by your curriculum will be pre-registered by Undergraduate Academic Affairs Office (refer as UA office) and students are only required to register for elective ones. Students cannot drop/add these courses via self-service in PS system. If you want to drop these courses, you need to apply for course drop via online portal.
2. Juniors and seniors are required to register for both technical core and elective courses via self-service in PS system.
3. There will be two (2) course registration periods
   a. Period 1 will start from **8 pm May 20, 2025** according to the following table and will close at **5 pm June 20, 2025**.

Class of year	Starting time
Seniors	8:00 pm, May 20th, 2025
Sophomore and Juniors	12:00 pm, May 22nd, 2025

   b. Period 2 will start from **9 am Aug 25th, 2025** and will close at **5 pm Sep. 19th, 2025.**
4. Students should apply for course override if the circumstances listed in section **E** occurs. Once override is approved, UA office will register the student to the course.
5. UA office will arrange a training at 12:00-13:00 pm May 19th, 2025 through Dingtalk broadcasting to elaborate the details of course arrangement in FA 2025 as a guideline for course registration.
6. Couse registration clinics will be offered during the working hours of May 19th - 20th, 2025 in UA office (C209/C206, ZJUI Building).

E. Request Override

1. Students under the following circumstances are required to submit a request for course override via online portal:

- Enrollment capacity of the course has reached.
- Total credits on ZJUI+UIUC courses a student has registered has reached AU cap of the term.
- Class time slots conflict between two courses a student intends to register. In this case, please follow these steps:
  A. Download and fill in the application form.
  B. Obtain consent from the respective course instructor that you want to be absent.

   C. Upload the form along with your course override request.

2. All of the override requests should be submitted along with a compelling reason.
   Examples of valid justifications include, but not limit to:
   A. the need for an additional course to satisfy graduation requirements;
   B. the necessity to repeat a course that will not be offered next semester.
3. The request is subject to approval by UA Office. Upon submission of a request, you will receive acknowledgment via email, and a decision will be delivered to you via email later.
4. Application portal for course overrides will open during the two periods of course registration.

F. Drop Courses

1. Students can drop courses prior to the middle of the semester without "W" label, as long as total semester credits are no fewer than 12.
2. Students can drop the course via self-service in PS before **5 pm Sep. 19th, 2025**, except for the pre-registered courses by UA office.
3. After the first week of instruction, students must submit an online request to drop a course.
   A. The application portal will open from **8 am Sep. 20th, 2025**.
   B. The request is subject to the approval by the UA Office.
   C. The request should be submitted no later than **5 pm Nov. 7th, 2025** to avoid a W (Withdraw) label being recorded on the transcript. Please be aware that dropping courses will **NOT** be allowed after **5 pm Nov. 7th, 2025** unless there are circumstances beyond the students' control.
4. Students are not allowed to drop pre-registered courses of freshmen and sophomore courses. Students should go through online portal for course drop.
5. **Students should simultaneously submit a course drop application to banner system on UIUC side if the course is a UIUC credit course.**
6. Students cannot add the courses that follow UIUC calendar after **Sept 8th, 2025**.

G. NOTES

1. Students should check UIUC myillini website to see if his/her UIUC credit courses of the semester have shown up properly in UIUC system after 3rd week of instruction in every semester.
2. It is strongly recommended that students establish a personal degree audit spreadsheet and monitor key metrics such as GPA, credits earned, etc. in PeopleSoft and UIUC myIllini at least once a semester.

3. Stay informed about completed courses and those yet to be taken in future, track the total earned credits, and identify the credits required for future completion.
4. Ensure the fulfillment of all required courses to meet graduation requirements. While technical electives may be optional, it is crucial to satisfy the total number of elective credits.
5. Seniors should complete self-audit form in Nov. UA office will conduct a review on the form and return the form with comments if necessary.
6. Seniors must meticulously plan their course registration and enroll all necessary courses according the self-audit form to fulfill all ZJU and UIUC degree requirements in spring semester of senior year.
