ZJUI Course Offerings in Spring Semester 2026

ZJUI_UndergradEd

7 分钟读完

All the courses offered in Spring Semester 2026 are categorized into the following three types:

1. **UIUC courses** are those taught by UIUC faculties or co-taught by ZJUI and UIUC faculties. The academic credits (AU) earned from UIUC courses are therefore counted as UIUC credits. Final grades will be recorded in both ZJUI and UIUC systems.
   All UIUC courses are highlighted in blue in the course tables.
2. **ZJUI courses** are those taught by ZJUI faculties normally without the involvement of UIUC faculties. AUs earned from ZJUI courses are therefore counted as ZJUI credits. Grades of these courses will be recorded in INTL PeopleSoft system and will be transferred to UIUC after students have been successfully admitted by UIUC through international transfer during their junior year.
3. **ZJU courses** are those taught by ZJU faculties that are used to fulfil the graduation requirement for the ZJU degree.

Courses are also categorized as mandatory (section 3 in your curriculum) and elective ones (section 4 in your curriculum).

1. **Mandatory courses** include fundamental mathematics and science, technical cores, and composition. Everyone must complete all mandatory courses.
2. **Elective courses** include technical courses, general education (liberal education) and free electives. Elective courses are optional. Students must take sufficient AUs from elective courses to fulfil the total credit requirement of both ZJU and UIUC degrees. Free electives can be almost any course under the categories of ZJUI and UIUC courses.

Please read all the following notes before dive into the course table.

1. All the available courses in SP 2026 are listed below according to the main cohort of attendance.
2. Students are **NOT** allowed to register more than **18 AUs** of the sum of ZJUI and UIUC courses.
3. Students must satisfy the pre-requisites for course registration. The pre-requisites of each course are listed along with course in the following table.

1.ZJUI and UIUC courses

A. Freshmen courses

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-requisite
MATH 231	Calculus II	3	Cui Zhou	ZJUI	Math 221
MATH 241	Calculus III	4	Cui Zhou	ZJUI	Math 231
PHYS 211	University Physics: Mechanics	4	Kemal Celebi/Huanxin Xia	ZJUI	
CHEM 102	General Chemistry I	3	Ye Shi	ZJUI	
CHEM 103	General Chemistry Lab I	1	Mian Pan/Miao Huang	ZJUI	Chem 102 or concurrent
CS 101	Introduction to Computing	3	Yushi Cheng/ Gaoang Wang	ZJUI	
Math 257	Linear Algebra with Computational Applications	3	Xiangming Meng	ZJUI	Math 221
ECE 110	Introduction to Electronics	3	Yu Lin /Umberto Ravaioli(UIUC)	UIUC	

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-requisite
ECE 120	Intro to Computing	4	Lin Qiu /Ujjal Bhowmik(UIUC)	UIUC	
ECE 220	Computer Systems & Programming	4	Bruce Yu /Steven Lumetta (UIUC)	UIUC	ECE 120
ME 170	Computer-Aided Design	3	Xinlei Wang (UIUC in-person)	UIUC	
SE 101	Engineering Graphics & Design	3	Xinlei Wang (UIUC in-person)	UIUC	
RHET 102	Principles of Research	4	Madeline Furlong /Min Yang/Ryan Flanagan/Ashely Barr	UIUC	Rhet 101

1. **AU Cap:** Semester AU cap in Spring 2026 is set at 19 AU for all the freshmen.
2. **CivE Required:** Chem 102/103, Math 231/Math 241, SE 101, RHET 102. Student can register ECE 110 or ECE 120 or GenEd (Friday), if s/he has not reached AU cap.
3. **CompE required**: Math 231/Math 241, ECE 220, PHYS 211, RHET 102. Student can register MATH 257 or CS 101 or GenEd (Friday), if s/he has not reached AU cap.
4. **EE required**: Math 231/Math 241, ECE 120, PHYS 211, RHET 102. Student can register MATH 257, CS 101 or GenEd, if s/he has not reached AU cap.
5. **ME required**: Chem 102/103, Math 231/Math 241, ME 170, ECE 110, RHET 102.
6. All required courses are pre-registered. Student cannot drop these courses unless approved by institute.

B. Sophomore Courses

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-requisi
ECE 210	Analog Signal Processing	4	Aili Wang+Hanzhi Ma/Erhan Kudeki (UIUC)	UIUC	ECE 110
ECE 211	Analog Circuits & Systems	2	Aili Wang+Hanzhi Ma/Erhan Kudeki (UIUC)	UIUC	ECE 110
MATH 285	Intro to Differential Eq	3	Shurun Tan/Bo Zhao	ZJUI	Math 24
PHYS 213	Univ Physics: Thermal Physics	2	Alex Penkov/Huanxin Xia	ZJUI	Phys 211
PHYS 214	Univ Physics: Quantum Physics	2	Shurun Tan/ Said Mikki /Huanxin Xia	ZJUI	Phys 212
CS 225	Data Structures	4	Yushi Cheng/Gaoang Wang/Volodymyr Kindratenko (UIUC)	UIUC	ECE 220 Math 21
CEE 202	Engineering Risk & Uncertainty	3	Binbin Li	ZJUI	CS 101 & Math 24 or concurre
ME 200	Thermodynamics	3	Jiahuan Cui	ZJUI	Math 24
TAM 212	Introductory Dynamics	3	Hua Chen/Tom Golecki(UIUC)	UIUC	Math 24
TAM 251	Introductory Solid Mechanics	3	Ye Shi	ZJUI	TAM 211

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-requisi
ECE 313	Probability with Engineering Application	3	Piao Chen/Ravi Iyer (UIUC)	UIUC	Math 25 or Concurr
ECE 314	Probability in Engineering Lab	1	Piao Chen/Ravi Iyer (UIUC)	UIUC	ECE 313 Concurr

1. **AU cap**: Semester AU cap in Spring 2026 is set at 18 AU for all the sophomore.
2. **CivE required:** CEE 202, TAM 212, TAM 251, PHYS 213, MATH 285. Student can register GenEd or other electives but ECE 313, if s/he has not reached AU cap.
3. **CompE required**: ECE 210, CS 225, PHYS 213, PHYS 214, MATH 285, ECE 313 if not yet. Student can register GenEd, if s/he has not reached AU cap.
4. **EE required**: ECE 210, PHYS 213, PHYS 214, MATH 285, ECE 313 if not yet. Student can register CS225, or GenEd, if s/he has not reached AU cap.
5. **ME required**: ECE 211, ME 200, TAM 212, TAM 251, MATH 285, PHYS 213/214 if s/he has not completed science electives yet. Student can register ECE 313 or GenEd, if s/he has not reached AU cap.
6. All required courses are pre-registered. Student cannot drop these courses unless approved by institute.
7. **EE students should register ECE 210, PHYS 213 and PHYS 214 by themselves. ME students who have not completed science electives will pre-registered to PHYS 213/214 by UA office.**
8. Sophomore students who have not passed MATH 257, must take MATH 257 in SP 2026.

C. Junior Courses

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-r
ECE 206	Electrical and Electronic Circuits Lab	1	Si Li/ Zhejun Tang	ZJUI	ECE 211

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-r
ECE 310	Digital Signal Processing	3	Bo Zhao/Zhi-Pei Liang (UIUC)	UIUC	ECE 210
ECE 311	Digital Signal Processing Lab	1	Bo Zhao/Zhi-Pei Liang (UIUC)	UIUC	ECE 310 o
ECE 330	Power Circuits & Electromechanics	3	Fanfan Lin/Olga Mironenko (UIUC)	UIUC	ECE 210
ECE 340	Semiconductor Electronics	3	Said Mikki /Jean-Pierre Leburton (UIUC)	UIUC	ECE 210 &
ECE 342	Electronic Circuits	3	Aili Wang	ZJUI	ECE 210
ECE 343	Electronic Circuits Laboratory	1	Aili Wang	ZJUI	ECE 342 c concurrer
ECE 364	Programing methods for machine learning	3	Qiang Zhang/Nickvash Kani (UIUC)	UIUC	Math 257
ECE 374	Introduction to Algorithms & Models of Computation	4	Pavel Loskot	ZJUI	(CS 173 o 213)& CS
ECE 385	Digital Systems Laboratory	3	Chushan Li/Zuofu Cheng (UIUC)	UIUC	ECE 110 &
CEE 300*	Behavior of Materials	4	Yasutaka Narazaki	ZJUI	CHEM 10
CEE 310	Transportation Engineering	3	Simon Hu/Ramez Hajj (UIUC)	UIUC	CEE 202
CEE 350	Water Resources Engineering	3	Tingju Zhu/Ana Barros (UIUC)	UIUC	CEE 202 & concurrer

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COURSE TYPE	Pre-r
CEE 360	Structural Engineering	3	Yasutaka Narazaki/Jinhui Yan(UIUC)	UIUC	TAM 251
TAM335	Introductory Fluid Mechanics	4	Jiahuan Cui/Jie Feng (UIUC)	UIUC	TAM 212
ME 310#	Fundamentals of Fluid Dynamics	4	Jiahuan Cui/Jie Feng (UIUC)	UIUC	Math285 or concur
ME 320	Heat Transfer	4	Weeliat Ong/Ke Tang (UIUC)	UIUC	ME200 & TAM335)
ME 330	Engineering Materials	4	Kemal Celebi/Lili Cai (UIUC)	UIUC	CHEM 10
ME 340	Dynamics of Mechanical Systems	3.5	Liangjing Yang	ZJUI	MATH 257, TAM 212; E concurrent
ME 360	Signal Processing	3.5	Meng Zhang /Srinivasa Salapaka (UIUC)	UIUC	ME 340
ME 370	Mechanical Design I	3	Timothy Lee	ZJUI	ME 270 & TAM 251

1. **AU cap**: Semester AU cap in SP 2026 is set at 18 AU for all the juniors.
2. ME students must take ECE 206, ME 310, ME 320, ME 330, ME 360 and ME 370, if s/he has not taken these courses yet.
3. EE students must take ECE 340, and/or ECE 385, if s/he has not taken ECE 340 or ECE 385 yet.
4. CEE students must take CEE 300, TAM 335 and CEE 360 if not yet, and one of CEE 310 and CEE 350 according to the selection of secondary area.
5. #ME students should enroll TAM 335 during the registration period. Afterward, the UA office will assess the need for ME 310 and then move the corresponding students into that course.

6. *CEE 300 will have lectures with the class of ME 330 till the last couple weeks of semester.
7. All ME junior and seniors shall take ME 300 series courses.

D. Senior Courses

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COU TY
ECE 445	Senior Design Lab	4	Huan Hu/Timothy Lee/ Arne Fliflet/Craig Shultz/Blake Johnson(UIUC)	UIU
ME 470	Senior Design Project	3		UIU
ME 498	Senior Design Supplement	1		UIU
CS 412	Introduction to data mining	3	Qingchun Hou	ZJ
ECE 428	Distributed Systems	3	Pavel Loskot	ZJ
ECE 448	Artificial Intelligence	3	Hongwei Wang/Bruce Yu/Mark Hasegawa-Johnson (UIUC)	UIU
ECE 476	Power System Analysis	3	Ruisheng Diao/Subhonmesh Bose (UIUC)	UIU
ECE 485/ME 485*	Introduction to Microelectromechanical Devices and Systems	3	Huan Hu	ZJ
ECE 486	Control Systems	4	Liangjing Yang/Farzad Kamalabadi (UIUC)	UIU
ECE489/ME446*	Robot dynamics and control	4	Hua Chen	ZJ

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	COU TY
ME 471	Finite Element Analysis	3	Yasutaka Narazaki	ZJ
~~ME 472~~	~~Introduction to tribology~~	~~3~~	~~Alex Penkov~~	~~ZJ~~
CEE 461	Reinforced Concrete I	3	Yan Xiao/David Lange (UIUC)	UIU
CEE 465	Design of Structural Systems	3	Yan Xiao/ Binbin Li	ZJ
CEE 450	Surface Hydrology	3	Tingju Zhu/Murugesu Sivapalan (UIUC)	UIU
CEE 498TIS	Transportation Infrastructure and Smart Mobility	3	Simon Hu/Erol Tutumluer(UIUC)	UIU
ABE 436	Renewable Energy Systems	3	Xinlei Wang (UIUC in person)	UIU

1. CompE, EE and ME students will be pre-enrolled to senior design courses,ECE 445/ME 470/ME 498, according to curriculum requirements.
2. All the students in class of 2026 will be pre-enrolled to ST 4001.
3. **All senior students have to make sure that you register sufficient AUs and satisfy the curriculum requirements for ZJU degrees, and UIUC degree if applicable.**
4. * Students should enroll ECE 485/ECE 489 during the registration period. Afterward, the UA office will assess the need for ME 485/ ME 446 and then move the corresponding students into the corresponding ME course.

E. Liberal Education courses (GenEd)

1. Liberal Education courses fall into various categories.

   HUM - Humanities and the Arts

a. **HP** - Historical and Philosophical Perspectives

b. **LA** - Literature and the Arts

SBS - Social and Behavioral Sciences

a. **BSC** - Behavioral Sciences

b. **SS** - Social Sciences

CS - Cultural Studies

a. **NW** - Non-Western Culture(s)

b. **US** - US Minority Cultures

c. **WCC** - Western/Comparative Culture(s)

2. You need to enroll the GenEd courses that satisfy both total AU number and AUs in each category and subcategory. For the GenEd you are required to satisfy, please check “Liberal Education” in section 4 of your curriculum.
3. You can take GenEd courses in any semester at either ZJUI or UIUC, as long as the semester AU cap permits.
4. All the GenEd course offered on Haining campus are ZJUI courses and AU is counted into total AU number for semester cap.
5. One (1) Aesthetic Education (AE) courses are required by ZJU degree.
6. The GenEd courses offered in SP 2026 is shown as following:

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	CATEGORY	Weekday
EALC 220	Traditional China	3	Lu Minzhen 陆敏珍	NW/HP	Tuesday
ENGL 116*	Introduction to American Literature	3	Fang Fan 方凡	WCC/LA	Tuesday
ECON 102	Microeconomics Principes	3	Zhou Mohan 周默涵	SS	Tuesday
UNWL 316*	Modern Chinese Literature	3	Zhang Guanghai 张广海	NW/LA	Thursday
PHIL 206	Early Modern Philosophy	3	Tseng Shao Kai 曾劭恺	HP	Thursday

COURSE CODE	COURSE NAME	AU	INSTRUCTORS	CATEGORY	Weekday
LING 250	American Voices: Linguistic Diversity in the US	3	Li Xuping 李旭平	US/SS	Thursday
ECON 103	Macroeconomic Principles	3	Ye Bing 叶兵	SS	Thursday
GCL 200	Frameworks for Inequality	3	Liu Zhen 刘珍	SS	Thursday
HIST 256	Britain and the World Since 1688	3	Zhang Zhengping 张正萍	WCC/HP	Friday
SOC 100	Introduction to Sociology	3	Li Haoyue 李皓玥	SS	Friday

*Count as ZJU Aesthetic Education course.

2. ZJU courses

Class of Year	Chinese/ International students	Course Code	Course Title
Freshmen	Chinese students	LAW1002	思想道德与法治/ Ideology, Morality and Rule of Law
Freshmen	Chinese students	PE1002	体育 II / Physical Education II
Freshmen	Chinese students	PS1001B	形势与政策 I / Situation and Policy I
Freshmen	Chinese students	ENGL1002	综合英语 II / Integrated English II

Class of Year	Chinese/ International students	Course Code	Course Title
Freshmen	International students	CHIN1002	基础汉语 II /Chinese II
sophomore	Chinese students	HIST2001	中国近现代史纲要/ Modern Chinese History
sophomore	Chinese students	PS3011	习近平新时代中国特色社会主义思想概论/General Introduction to Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era
sophomore	Chinese students	PE2002	体育IV/Physical Education IV
sophomore	Chinese students	PS2001B	形势与政策 II / Situation and Policy II
sophomore	International students	CHIN1004	基础汉语IV/Chinese IV
sophomore	International students	HSK4	国际中文水平与测试
senior	Chinese students	PS2001E	形势与政策 II /Situation and Policy II
senior	All ZJUI students	ST 4001	Senior Thesis

Office of Undergraduate Academic Affairs at ZJU-UIUC Institute
